"On Measures to Introduce the System of Mandatory Power Labeling and Certification of Sold Electrical Household Appliances, Newly Built Buildings and Installations in the Republic"	electric incandescent and gas-discharge lamps	Label	Mandatory		Implemented -2016
Content	Test Methodology		Additional Notes/ References		
			Starting January 1, 2016, the importation, and starting July 1, 2016, the sale, of HEAs that lacked information on energy-efficiency classes in their technical documentation, labeling, and/or label(s) are banned in the country, except for household electric devices already in use. The Resolution also provides for phased introduction of energy-efficient requirements. For example, the importation and sale of "G" class household electrical appliances will be prohibited as of January 1, 2017, "E" class as of January 1, 2018, and "E" class as of January 1, 2019.
